

DEPARTMENT OF DRILLING ENGINEERING ORISSA SCHOOL OF MINING ENGINEERING, KEONJHAR

LABORATORY NAME: DRILLING MACHINERY-II EXPERIMENT DETAILS

EXPERIMENT NUMBER	EXPERIMENT DETAILS
1	Study and sketching of turbo drill from cut section.
2	Study and sketching of layout of churn drilling site.
3	Study and sketching of churn drill operating tools and equipments.
4	Study and sketching of layout of oil well drilling site.
5	Study and Sketching of oil well drilling accessories and equipments.
6	Study and sketching of oil well draw work.
7	Study and sketching of oil well blow out preventer (BOP).
8	Study and sketching of well with circulating system.
9	Study and sketching directional wells.
10	Study and sketching well head fittings.
11	Study and sketching of bore hole surveying instruments.
